Data Analysis & Dashboarding

Extract, Transform and Load (ETL Processes)

Client Success and Retention

EXPERIENCE

PMO Associate/Project Operations Officer

Caribbean Public Health Agency **March 2024 - March 2025, Trinidad and Tobago**

- Managed USD 16M regional Pandemic Fund Project across 26 Caribbean member states, coordinating between CARPHA, Inter-American Development Bank, and the principal donor to strengthen surveillance, laboratory systems, and workforce development.
- Managed a regional mass gathering surveillance initiative across 6 Caribbean countries, deploying an electronic system that safeguarded 240,000+ visitors during the ICC T20 World Cup—enabling outbreak detection and response within 24 hours.
- Coordinated training for 1,500+ stakeholders across the Caribbean in infectious disease prevention and mass gathering surveillance.
- Oversaw a regional vector control response across 7 Member States, procuring and distributing 21 fogging machines to combat Dengue, Zika, and Chikungunya during the region's highest recorded transmission period.
- Coordinated emergency health response during and following Hurricane Beryl, deploying technical staff and procuring essential supplies across 7 impacted Member States as part of the CDEMA-led Regional Response Mechanism.
- Reduced reporting turnaround from 5 days to less than 24 hours by architecting project dashboards and automating workflows using Excel, ClickUp, and Power Automate. Enabled real-time issue management and performance monitoring while establishing standardized tracking across CARPHA departments and donors.

Programme Operations Associate (Health Systems and Services)

Pan American Health Organization **February 2021 - December 2023, Trinidad and Tobago**

- Led programme operations across 6 national public health initiatives, with direct ownership of HIV/TB, ICD-11 transition, and migrant health, while managing COVID-19 response, antimicrobial resistance, and health financing portfolios.
- Enabled capacity-building initiatives, facilitating ICD-11 training for 100+ healthcare workers and health economics training for 50+ health administrators, achieving 95% post-training competency scores and accelerating system adoption.
- Co-led technical design and stakeholder coordination for a $75K migrant health campaign, procuring test kits and medical supplies, conceptualizing outreach sites, and coordinating between UWI, AMMR, CCSJ, MRF, and CMLF—enabling COVID-19 testing for 10,000+ migrants.
- Orchestrated multi-agency food relief distribution to 500+ vulnerable families, serving as the coordination hub between PAHO, UNHCR, and IOM to deploy end-of-year funds, track expenditures, and document outcomes.
- Oversaw procurement and supply delivery of essential antiretrovirals and diagnostic kits (COVID-19, HIV, Histoplasmosis), ensuring uninterrupted availability for national programmes.

Sales Operations Team Leader

Ramco Industries Limited **December 2019 - October 2020, Trinidad and Tobago**

- Managed end-to-end LPG sales operations across 3 product lines—20lb depot (6 routes, 500+ depots), 100lb direct (5 routes), house-to-house (7 routes), and bulk LPG (3 routes)—overseeing 50+ staff across sales, logistics, yard, and technical teams.
- Achieved 100% sell-out rates across 20lb and 100lb delivery routes, with 20lb trucks carrying 504 cylinders per route and 100lb trucks carrying 50 cylinders—consistently selling out daily across 11 routes.
- Managed complex logistics across 20+ delivery routes, overseeing 6 CSRs for order intake, 4 logistics staff for loading and fueling, and 5 yard laborers per shift to ensure timely dispatch and reloading.
- Supervised technical operations for cylinder filling, directing 12 LPG technicians for 20lb/100lb cylinders and 6 specialized technicians for bulk LPG trucks—ensuring accurate fill levels and safety compliance.
- Analyzed daily sales data across 5 regions to forecast demand, optimize route scheduling, and inform inventory planning—contributing to consistent sell-out rates and operational efficiency.
- Led cross-functional coordination between sales, logistics, and technical teams, reducing order turnaround times and maintaining high customer satisfaction across residential and commercial clients.

Customer Success & Revenue Analyst

Digicel Group **January 2019 - December 2019, Trinidad and Tobago**

- Delivered a 54% reduction in monthly customer churn, decreasing postpaid cancellations from 2,600 to 1,200 customers in 12 months—safeguarding recurring revenue by analyzing call drivers, identifying root causes, and standardizing retention responses.
- Resolved escalated customer complaints for high-risk accounts, preventing cancellations for 85% of cases and strengthening client relationships through empathetic, solution-oriented communication.
- Generated incremental revenue through targeted upselling aligned with customer profiles, maintaining a 95% satisfaction rate among upsold customers while adhering to company retention policies.
- Designed and executed data-driven retention strategies using customer usage analytics, enabling proactive outreach and tailored package upgrades.
